Rally for YOUR  
Post Office

WHERE: 15<sup>th</sup> St.  
and 9<sup>th</sup> Ave.

WHEN: March 17,  
2012

Time: 1:00 PM

Your Post Office has been targeted!!! The Port Authority Post Office is on the list of 4,000 Post Offices that the government wants to close nationwide. More than 200,000 workers would be fired! Join the Chelsea Coalition on Housing to fight for affordable decent housing and stand for your rights. It's NO COINCIDENCE that many of the Post Offices targeted for closing are located in working class communities. Rent Laws are not too favorable for tenants but we can still make a difference. NYC stands to lose 34 post offices SENIORS would have to walk miles for packages!
